About us

Sonara is one of the most respected sanitaryware brand in India. It is a brand owned by Sonara sanitarywares Pvt. Ltd. Morbi. Established in the year 1998, the company has shown strong performance in the past few years to become one of the best in the industry.

With a vision to always roll out high quality and innovative products, the brand is going from strength to strength. They have always delivered value to the customer in one form or the other. Be is great quality, good looks, smart finish or exquisite design, the company ahs done everything possible to establish that the customer is the king.

The company has more than 200 articles available in 20 plus finish and colors. The products are marvelous and amazing, serving the dream of many to put up smart wash rooms and rest rooms. In todays Gen Y age, the company has consistently innovated to develop products that meet the latest trends and fashion. With the design department working in conjunction with the marketing department, market focused growth has been accomplished by the company.

Further, the company is proud to be ISO 9001:2000. This is a mark of the high standards of quality that we maintain and the products that we deliver. The company has set up systems and procedures that check and control quality of processes and products. With a very huge capacity of production and labour oriented industry, it is a matter of surprise to many as to how the company maintains these levels of quality. The passion of the founders to be the most preferred brand and always deliver the best to the customers has empowered the people of the company to work in these stringent norms.

More than 2 decades, we Sonara sanitary ware made innovative products, invented in technology & research, identified needs of our customer. All these give us a huge success that drive our brand name across the globe.
With corporate culture and excellence management Sonara sanitary ware have built a strong foundation that helps to accept any challenge for the next decades.

As having 25 years of manufacturing experience we have supported complex projects to architectural level design project that became icon of modern world. Inspired by the most traditional art work to the craftsmanship of unique scriptural, we have made a classic and stylish products.

As we experience excellence journey of success we also expand our presence across the globe and identify new opportunities to become icon of ceramic and sanitary ware markets. With our quality products and excellent service it leads us in the different countries and gives support to construction and architectural projects.

Production & Quality

Raw material

To make finest sanitary ware products it requires a quality and standard inspection of raw materials. We Sonara Sanitary ware have made a standard quality bench mark to use raw material for making our finest iconic products.

With challenges in modern design we ensure that all raw material must go through complete quality procedure so it gives foundation of an excellent product. This brings out the true essence of sanitary ware products from Sonara Sanitary ware.

Quality procedures

In our production line our crafters follow all the quality procedure to ensure that our product becomes the centre of attraction. With certain quality criteria our products are one of the best & preferred in the market.

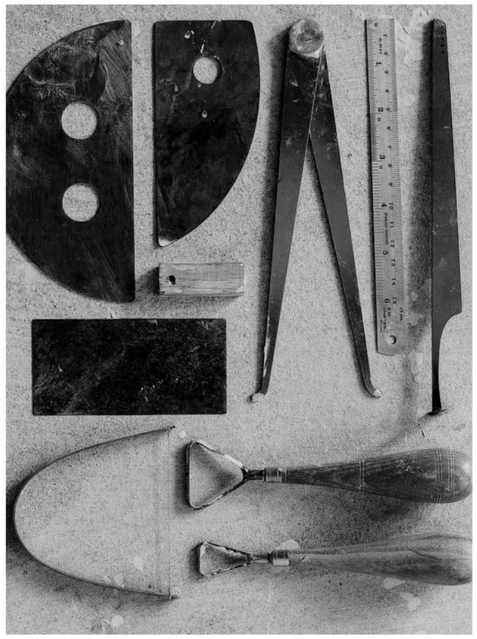

A quality process with visual reference that contain the trace of craft and shape to memorize the iconic Sonara Sanitary ware products and reinvent the theme of bath space design.

The right kind of quality service that's differentiate us from others Let our quality products exceed your expectations.

Product features

- QUALITY
- RANGE
- RELIABILITY
- DESIGN

QUALITY

Each product is based on the idea of offering a perfect technique that ensures high performances and long life.

- Smooth surfaces
- Perfect glaze
- Perfect edges
- Technology and hygiene

RANGE

Excellent modularity and a wide range that includes many shapes, sizes, colours and finishes to meet any customer need.

- 12 ceramic colours
- Large number of products
- Numerous products for different types of installation
- Different price ranges

RELIABILITY

Maximum reliability is ensured by the rigorous design, excellent production phase and control of each product, starting from the raw materials.

- Mechanical resistance
- Water tightness test
- Certifications
- International Standards

DESIGN

The ability to offer a solution to every problem passes through the study and development of a functional design that incorporates comfort and aesthetic taste.

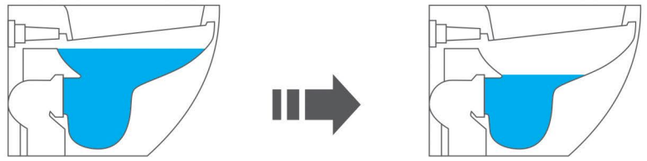

- A design for everyone
- Space-saving solution
- Simplified restructuring
- Aesthetic styles for all tastes

Water saving

Can we save water in your bathrooms ?

Water is a precious element of life. Our aim is to get maximum cleaning with less water. In our new research & development we successfully use less water that give more cleanness in our sanitary ware product.

With this development we can save maximum water for future generation.

Rimless

The ultimate rimless technology for your bathroom

A rimless toilet made for significantly easier cleaning and a clear improvement in hygiene. There is no build-up of bacteria and no possibility for limescale to lurk. The rimless technology ensures quintessential hygiene with effective flushing that offers an efficient solution ensuring that the entire inner surface is rinsed throughout the flushing process.

Index

We create leading-edge products, by combining innovative solution and excellence in terms of aesthetics and functionality. Our range is developed by soft molded shapes that slenders its impressive volumes. The products have easily adoptable to modern and classic ambience and have lovely ceramic gloss finishes.

RIMLESS-DESIGN

TOILET BOWL WITHOUT AN EDGE

The rimless design is standard for all special toilets. It means that the toilet bowls do not have any difficult-to-reach places in which dirt and bacteria can accumulate. This makes it possible to clean the toilet far more quickly, easily and thoroughly. Sonara has produced rimless toilet bowls.

Technical Specification

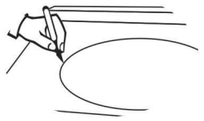

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

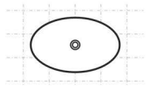

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

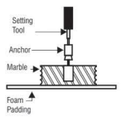

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularity. To make your bathroom beautiful here are some invaluable tips.

Wash Basin :
A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets :
Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.
To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.
Keep the toilet brush handy in a convenient stand nearby.
In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid.
Clean with a soft cotton cloth and warm water with soap.
Do not use thinner, day cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.
Use brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
